

TRACK N' FEATHERS

The Galloping Goose Historical Society of Dolores, Inc.

FALL EDITION, 2003

RAILFEST, 2003

The theme of the D&SNGRR Railfest was "**Happy Rails to you**", celebrating the 100th anniversary of the first motion picture "**The Great Train Robbery**", also inspired by Roy Rogers song "**Happy Trails to you**". The star of this years picture show however, was Durango & Silverton's locomotive K-27 #473, repainted in it's unique gold, silver and black stripe color scheme nicknamed '**THE BUMBLEBEE**' reminiscent of June 18, 1950 when it pulled the Silverton Train. This color scheme was made famous during the 1949 Chicago Railroad Fair when D&RGW painted their C-16 # 268, a coach, four observation cars and a private car in this spectacular scheme.

Dan Markoff's **Eureka & Palisades #4** was there and must have had a lot of spit and polish, because it looked beautiful. The San Juan Historical Society's **Casey Jones** made runs from Silverton to the Wye. And our very own **Motor #5** ran without a hitch and was sold out or almost sold out on all trips. As was The **Eureka** and **Casey Jones**.

Motor #5 carried three generations of Goose devotees. Janet Jennings, as we know affectionately as "**Mother Goose**", daughter Pam White and two month old Cameron who all had a great Goose ride. Janet's husband Stan was there as official family photographer.
